SUBJECT: BLUE LANTERN LEVEL 3: POST-SHIPMENT END-USE CHECK
ON LICENSE 994633

REF: 2006 BLUE LANTERN GUIDEBOOK

11. This is an Action Request. See paragraphs 2-4.

12. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Posts' assistance in conducting a post-shipment inquiry on License 994633 for the export of defense hardware to Senegal. Posts are requested to complete this Blue Lantern inquiry within 45 days. Lack of response to a Blue Lantern inquiry will affect pending and future licenses involving parties to this license.

13. Reason for request: Unfamiliar Foreign Intermediate Consignee; confirm bona fides of the transaction.

14. Action Tel Aviv: Department requests that Post make appropriate inquiries to establish the bona fides of Foreign Intermediate Consignee A.D. Consultants, Ltd. as a reliable recipient of United States Munitions List (USML) items. Conduct a site visit to the company in order to assess its business operations and on-site security. If a site visit is not possible, please inform the PM/DTCC case officer.

The following questions provide suggested guidance:

-- Does A.D. Consultants have proper supporting documentation, including a purchase order from Armee de l'Air du Senegal for the transaction?

-- Does the company have secure facilities and proper accounting and security procedures for handling sensitive USML items?

-- When was the company established and who are its principals?

-- What is the nature of its business -- what types of items does it handle; does it serve as a broker?

-- What types of organizations are among its typical customers and where are

the customers located?

-- Does the company understand the restrictions on USML items, especially the prohibition against unauthorized re-transfers and re-exports?

Action Dakar: Department requests that Post make appropriate inquiries to verify that Armee de l'Air du Senegal received the USML items listed on the license for the stated purpose.

End Action Request.

15. Details of license application:
